ASSEMBLY BILL

No. 1289

Introduced by Assembly Member Cooper

February 27, 2015

An act to add Section 5445.2 to the Public Utilities Code, relating to transportation.

LEGISLATIVE COUNSEL'S DIGEST

AB 1289, as amended, Cooper. Transportation network companies: participating drivers: penalties.

(1) The Passenger Charter-party Carriers' Act defines a transportation network company as an organization, whether a corporation, partnership, sole proprietor, or other form, operating in California that provides prearranged transportation services for compensation using an online-enabled platform to connect passengers with drivers using their personal vehicles. A transportation network company is subject to regulation by the Public Utilities Commission, which requires, among other things, a criminal background check of each participating driver. A transportation network company is also required to have a specified certificate or permit, as appropriate, from the commission, and is subject

to various other requirements. A violation of the act is generally a misdemeanor and subject to a fine of not less than \$1,000 and not more than \$5,000 or by imprisonment in a county jail for not more than 3 months, or by both that fine and imprisonment.

This bill would require a transportation network company to conduct, or have a 3rd party conduct, a local and national criminal background check for each participating driver, as specified. The bill would prohibit a transportation network company from contracting with, employing, or retaining a driver if he or ~~she~~ *she, among other things*, is currently registered on the United States Department of Justice National Sex Offender Public Website, has been convicted of any *of certain terrorism-related felonies or a violent felony*, as defined, or, within the previous 7 years, has been convicted of any misdemeanor assault or battery, any domestic violence offense, ~~or driving under the influence of alcohol or drugs.~~ *drugs, or any of a specified list of felonies.*

The bill would additionally provide that a transportation network company that violates, or fails to comply with, its provisions is subject to a penalty of not less than \$1,000 nor more than \$5,000 for each offense.

(2) Existing law provides that an investigative consumer reporting agency shall furnish an investigative consumer report only under specified circumstances and, except as specified, existing law also prohibits an investigative consumer reporting agency from making or furnishing any investigative consumer report containing certain items of information, including, among other things, records of an arrest, indictment, information, misdemeanor complaint, or conviction of a crime that, from the date of disposition, release, or parole, antedates the report by more than 7 years.

This bill would, notwithstanding these provisions, authorize an investigative consumer reporting agency to furnish an investigative consumer report to a transportation network company about a person seeking to become a participating driver, regardless of whether the participating driver is to be an employee or an independent contractor of the transportation network company. The bill would provide that the prohibition on including the criminal history information referenced above in an investigative consumer report does not apply to a report furnished to a transportation network company under these provisions.

(3) Because a violation of the act is a crime, and this bill would expand the scope of the act, this bill would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

32 the Government Code, or changes the definition of a crime within
